FLAME Scholarship Policy

1. Funding Sources

   Funding comes from fundraising and contributions designated for the scholarship fund.

2. Time Frame

   Scholarships will be awarded for a single year. Applications are available on the website, and must be returned by the deadline. Submitting early is encouraged. You will be notified of the result of your request before the end of registration.

3. Scholarship Committee

   Scholarship decisions will be made by the Parent Administration Committee (PAC).

4. Scholarship Amount

   Scholarships are awarded to families and applied to the total amount of tuition owed to FLAME for the year. The scholarship amounts per family will be decided by the scholarship committee taking into account several factors: the applicant's financial need, the family's participation in FLAME activities, the number of family members in the program, and the amount of scholarship funds currently available.

5. Scholarship Recipient Criteria

   Scholarships will be awarded to home schooled or virtual schooled students with financial need.

   ● FINANCIAL NEED - Families are deemed to be in financial need if their household income is lower than 80% of the median income for Madison, based on the number of members in their household. Household members include students in college and grandparents supported by the parent or guardian. Financial need may also exist due to extraordinary expenses such as uninsured medical bills, even when the household income exceeds the median income.

   ● PARTICIPATION - Unless new to FLAME, the student and the parent or guardian will have participated in FLAME's program. Student participation includes, but is not limited to: class attendance, participation in concerts, encore performances, tours, art shows, fundraising and other FLAME activities. Parent and guardian participation includes, but is not limited to: teaching, committee assignments, fundraising, or other volunteer positions. The participation requirement may be waived in extraordinary circumstances.
